Objective

Front-End Developer with a passion for creating dynamic and responsive websites and applications. Skilled in HTML, CSS, JavaScript, and React.js, with a strong eye for design and usability. Seeking to bring technical expertise and creativity to a forward-thinking tech company.

Experience

Front-End Developer | CreativeWeb Solutions | Austin, TX

March 2019 – Present

- Designed and developed user-friendly web applications using React.js, increasing client satisfaction by 30%.
- Collaborated with UX/UI designers to implement responsive and accessible interfaces across multiple platforms.
- Optimized website performance, reducing load times by 40% through code refactoring and image optimization.

Web Developer Intern | BrightIdeas Media | Austin, TX

June 2018 – February 2019

- Assisted in the development of e-commerce websites using HTML, CSS, and JavaScript, contributing to a 25% increase in online sales.
- Implemented cross-browser compatibility fixes, ensuring a consistent user experience across all major browsers.
- Participated in code reviews and team meetings, gaining insights into agile development processes.

Education

B.Sc. in Computer Science | University of Texas at Austin

2014 – 2018

Skills

- Languages: HTML5, CSS3, JavaScript (ES6+)
- Frameworks: React.js, Angular, Bootstrap
- Tools: Git, Webpack, Figma, Adobe XD

- Responsive Design: Media Queries, Flexbox, Grid
- Testing: Jest, Enzyme, Cypress

Certifications

- Certified JavaScript Developer (CJD)
- Responsive Web Design Certification by freeCodeCamp

Projects

- **Portfolio Website:** Developed a personal portfolio showcasing projects and blogs using React.js and CSS animations.
- **E-commerce Platform:** Built a fully functional e-commerce platform with a React front-end and Firebase backend.
